

# Clamp thermometer testo 115i

The Clamp thermometer testo 115i is suitable for temperature measurements on pipelines with a diameter of 6 to 35 mm. Quick and easy transmission of the measurement data to smartphones or tablets via Bluetooth<sup>®</sup>. With the free testo Smart App, measured values can be read, temperature curves can be displayed graphically or in tabular form and result protocols can be sent as PDF or Excel files.

**Scope of supply:** Clamp thermometer, batteries, calibration protocol  
Accuracy:  $\pm 1.3 \text{ }^\circ\text{C}$  (-20 ... 85  $^\circ\text{C}$ )  
No. of channels: 1  
Dimensions (WxDxH): 90 x 183 x 30 mm  
Weight: 127.4 g  
Battery/rechargeable battery: 3 x AAA

Type	Min. temperature $^\circ\text{C}$	Max. temperature $^\circ\text{C}$	Temperature	Resolution $^\circ\text{C}$	Width mm	Depth mm	Height mm	Type of auxiliary energy
testo 115i	-40	150	-40 ... 150 $^\circ\text{C}$	0.1	90	183	30	Battery
